The Day At Ottawa

Four Federal Bye-Elections to Take Place the 22nd of November.

Earl Grey Sends Acknowledgments to Prince Louis of Battenberg.

Scotch Herring Expert Packer and Lassies Coming to Coast.

From Our Own Correspondent.
OTTAWA, Nov. 1.—As already fore-shadowed, four federal bye-elections are to take place November 22—Antigonish, West Lambton, Wentworth and North York. Elections for Saskatchewan and West Assiniboia will not be held until December, as the lists will have to be prepared.

The evening papers give currency to the report that, as intimated by your correspondent, the proposed tariff revision will go over until 1907. The ministerial enquiry will be prosecuted during November and part of December, but it cannot be concluded in time for the coming session.

The Governor-General telegraphed from Kippawa the following message to Prince Louis of Battenberg, addressed to him at Annapolis, Md.: "I will have much pleasure in conveying direct to Sir Wilfrid Laurier and the people of Canada, through the press, your message which they will much appreciate. In common with all our Canadian fellow-subjects who have been so fortunate as to meet you, your officers and men, I cordially reciprocate your hope that duty may cause you soon to return to Canadian waters."

Professor Prince, commissioner of fisheries, left for British Columbia tonight to resume his enquiry into the fisheries of the province.

J. J. Cowie, the Scottish herring expert, has also gone to the Pacific Coast with three of his Scottish girls, who are demonstrating to fishermen the best way to clean and pack herring. Demonstrations will take place at Nanaimo.

RAILROAD REBATES.

Manager of Santa Fe Lines Admits the Practice.

Washington, Nov. 1.—Admitting that rebates are given to shippers by the California fruit service by practically all private car lines, J. S. Leads, general manager of the Santa Fe refrigerator despatch today unveiled the inquiry being conducted here by the interstate commerce commission to show the relations between the railroad and the companies engaged in the business of refrigerating fruit in transit. Mr. Leads said these rebates were necessary to his company because all his competitors were granting them. He asserted that he could not break up the practice without precipitating a rate war.

The investigation today was confined to the business of the Michigan, Topoka & Santa Fe railroad, and the Santa Fe refrigerator despatch, which corporations, according to officials of both who were on the stand, are owned by the same interests.

Edward Chambers, freight traffic manager of the Santa Fe railroad, stated that the stock of the corporations mentioned is owned by the same interests and that the corporations have the same president.

PRINCE LOUIS' VISIT.

British Cruiser Squadron Welcomed to American Waters.

Annapolis, Md., Nov. 1.—Prince Louis of Battenberg, the bearer of a special message from King Edward to the President of the United States, has been received with honors. He was met by Governor Warfield of Maryland and admirals of the navy. The joint fleet of American and British warships is lying in Annapolis Roads, forming the most brilliant naval spectacle ever seen in these waters. The British vessels dropped anchor off Annapolis at 10:20 this morning. The national salutes of 21 guns were exchanged between the Drake and Maine, flagships respectively of Prince Louis and Admiral Evans, and then admirals' salutes of 13 guns. The prince reached the wharf of the naval academy in his launch just before noon.

Admiral Sands and Governor Warfield returned the prince's call at 2 o'clock this afternoon.

The British fleet maintained an average speed of 18 knots an hour for the whole trip and arrived here about six hours ahead of schedule time. Another portion of the combined fleet at anchor is formed by a division of five torpedo destroyers.

GOTHAM'S HORSE SHOW.

New York, Nov. 1.—There is an entry list of 1,700 for the annual horse show at the Madison Square Garden for the week beginning November 13th. The entries number 250 more than in last year's show. J. H. Moore, a Chicago horse dealer, has entered 100 horses, headed by his hackney Forest King. Among the other entries are E. D. Jordan's mare Mildred and A. C. Vanderbilt's mare Mustang Silks.

MURDER AND SUICIDE.

Man and Woman Found Dead in New York Hotel.

New York, Nov. 1.—A man and woman whose identity the police are endeavoring to establish were found dead tonight in a hotel in Lexington avenue. The room was full of gas and all the crevices of the doors and windows were stuffed with papers. From the fact that the woman's jaw was broken and her body covered with recently inflicted bruises, the police are disposed to believe that she was killed by the man, who afterwards committed suicide by turning on the gas. The couple registered at the hotel last night as Mr. and Mrs. Johnson. Today sounds of a struggle were heard in the room, but no attention was paid to this. Some hours later the odor of gas was noticed and the door of the room was forced, when the bodies were discovered.

NEW YORK "FLAG" INCIDENT.

Magistrate Satisfied That "Old Glory" Can Take Care of Itself.

New York, Nov. 1.—A crowd numbering a thousand or more persons attacked and tore down the anti-Hearst banner in Union square today.

When Benj. Hallett, the man arrested at Fourth street and Broadway, was arraigned in Jefferson Market police court Magistrate Witman told him that it was no insult to the American flag to let it hang on a banner with a red flag. He then added: "If you continue tearing down flags in the streets you will be classed as an anarchist yourself. It is a matter for the courts to decide whether the American flag is subject to insult in such a fashion."

Hallett was then reprimanded and allowed to go free. A third red flag on a Tammany banner was attacked at Broadway and Park place today, but the police arrived in time to stop a man whom the crowd was beating up a pole to cut down the banner. No arrest was made. This red flag, which was near the postoffice, was the object of many complaints made to Postmaster Wilcox. He replied that as the banner did not touch the government's property it was out of his jurisdiction.

Mysterious Death Of New Yorker

Wealthy Elderly Lady Decoyed to Philadelphia and Is Killed.

Mangled Body Found on the Tracks and Police Warned of Crime.

NEW YORK, Nov. 1.—Acting upon a suspicion that Mrs. Margaret M. Todd, a wealthy widow, aged 76 years, was a victim of foul play, Coroner Scholer of this city and Coroner Dugan of Philadelphia today commenced a searching investigation of the mysterious facts attending her death and the puzzling moves that preceded and followed it. The value of Mrs. Todd's estate is estimated at more than \$150,000 and possibly \$1,000,000. She owned real estate in this city. She wore, when found dead in Philadelphia last Friday, several thousand dollars' worth of jewels.

On Thursday last, the day before Mrs. Todd's death, George G. Hastings, a lawyer, who had acted as counsel for Mrs. Frank Toussy, Mrs. Todd's daughter, was asked to go to Mrs. Todd's apartments to draw up a new will for her. She said she had lost a previous one. Drawing up of a new will was postponed until the following Monday after Mrs. Todd had told the lawyer what she desired. On the following day Mrs. Todd left the Hoffman apartments, saying that she was going to visit friends in Orange, N. J.

Mysterious Woman Disappears

Strong objections to her going were made by some of the persons about her, but a Miss Knight appeared at that moment and offered to accompany her. Objections were then withdrawn. It has been learned since that Mrs. Todd was driven in a cab to the Baltimore & Ohio railroad station in this city, where she was met by an unknown man. Nobody knows what became of Miss Knight, as she has not since been found by persons who have enquired for her.

Mrs. Todd was seen on board a train on the way to Philadelphia and to leave the train at 6 p. m. in that city. Four hours later she was found dead on the track of the Reading Railroad several miles distant from the place where she had left the train from New York. Her body was mangled, possibly by passing trains.

Murder Is Alleged

An anonymous letter was received by Coroner Scholer today describing Mrs. Todd's murder with considerable detail. It was written in a feminine hand. The letter stated that Mrs. Todd was murdered and that the crime was plotted in New York and carried out in Philadelphia, to which city she was lured. Two men, the letter stated—the one the plotter and the other the executioner—and a woman who acted as a decoy, engaged in the crime. Upon arrival in Philadelphia Mrs. Todd was met and put in a carriage a little distance from the station. She was given "knockout drops" and then driven to Fairmount Park. There she was taken from the carriage and left on the railroad tracks. The letter concludes by asking the coroner to examine Mrs. Todd's stomach for traces of the drug used upon her in Philadelphia.

Hundreds Shot Down

Killed and Wounded in Mob Encounters With Russian Troops.

Firing Continued All Day Long at Odessa and All Stores Are Closed.

Cossacks March Into Packed Meeting and Open Fire on Audience.

WARSAW, Nov. 1.—Twenty persons were killed and upwards of one hundred wounded in encounters tonight between the mobs and troops. At 10 o'clock a crowd gathered before the town hall and demanded the release of political prisoners. The chief of police liberated 300 who had been arrested during the last few days, but refused to release twelve who were arrested by order of the central government. The crowd then commenced to smash the doors and windows of the town hall, whereupon the chief of police telephoned the barracks for assistance, and a force of Hussars and Cossacks with a battery of artillery galloped to the scene. The Hussars charged the mob, killing 16 persons and wounding 73.

Later there was an encounter between a mob and infantry in the Bank square when the troops fired into the crowd, killing four and wounding several.

Hundreds Shot Down
Odessa, Nov. 1.—There was firing all day in the outskirts of the town, resulting in the killing or wounding of hundreds of persons.

Mobs composed of thousands took possession of the principal streets and it is feared that everything is looted. All the stores are closed and business is completely suspended. Extreme tension prevails. The greatest animosity is displayed against the Jews, and it is reported that the police are secretly inciting the mobs.

Noon—Conflicts between Cossacks and students continue. During the fighting between roughs and Jews in Dalmitskaya street last night 37 persons were killed and 81 seriously wounded and taken to the hospital.

Instigated by Police

London, Nov. 1.—A despatch to the Evening Standard from Odessa attributes today's outbreaks of the rowdy element to the instigation of the disarmed and disbanded police. The correspondent says that the firing in the streets, which had been spasmodic since 9 o'clock in the morning, became general in the afternoon in Cathedral square and Dalmitskaya and other streets. The citizens' militia was not prepared for the sudden outbreak. The student guards used their revolvers freely against the mobs, but they were outnumbered and overpowered. The correspondent estimates the number of persons killed at over 100. He says that if the city is not quickly occupied by the troops who have been called out there will be wholesale anarchy and not improbably a massacre of the Jews.

Private despatches received in London today depict the situation at Odessa as being worse than before the imperial manifesto was issued.

New Council of Ministers

St. Petersburg, Nov. 1.—An imperial ukase, dated today, reorganizing the council of ministers, states that the president of the council will be chosen by the emperor and that the representatives of the chiefs of various departments to the emperor will be communicated beforehand to the president of the council, who will also receive communications regarding all measures taken by the heads of departments.

The ukase further provides that all officials except military, naval, diplomatic and court officials are to be subject to previous approval by the council of ministers. Finally, all legislative bills presented by the ministers to the duma for the state council must first be submitted to the council of ministers.

The first encounter today occurred at the university in the Vasil Ostrov district, where the students early resumed the delivering of inflammatory speeches to the gathering crowds. Toward noon, when the quay was a solid mass of workmen and demonstrators were in progress a squad of Cossacks charged, and using their whips and the flat of their sabres drove the crowd along the river front. Several persons were injured by being trampled upon and were taken to an adjoining hospital.

Troops Surround University

Troops surrounded the university and also cordoned the Polytechnic institute to prevent further demonstrations. In spite of the rain an immense crowd of people gathered in front of Kazan cathedral prior to the official thanksgiving service but were dispersed by mounted gendarmes and squads of infantry.

A few court chamberlains and guard regiments comprised the remainder of the official attendance. Not a single foreign diplomat, although all of them are invited to such functions, was present, and few of the public attended the service.

Moscow, to which the eyes of the empire are turned naturally for guidance, has upon the whole received the imperial manifesto splendidly. The Liberals, it appears, will be contented if its provisions are executed in a proper spirit. The people generally have abandoned themselves to rejoicing, though there were a number of clashes and fatalities.

Massacres at Kazan

Kazan, Nov. 1.—Further details of yesterday's massacre increase the feeling of horror which has been aroused here. The police and Cossacks were, seemingly without any authority, turned loose on the people in the main street. Many school children were among the wounded. During the night Cossacks and police broke into and gutted a number of stores. One Jeweler who tried to prevent them from

entering his establishment was threatened by a police captain with death. The fatalities were larger than at first reported.

Elizabethgrad, Nov. 1.—The local loyalists, bearing aloft the portrait of Emperor Nicholas, marched to the cathedral today, and after the service went to the Jewish quarter and sacked the Jews' houses and stores. Many Jews were beaten or wounded and several killed in a conflict between workmen and demonstrators who were trying to force a strike.

Cossacks' Brutal Attack
Kremenchuk, Russia, Nov. 1.—While a public meeting was being held yesterday at the People's theatre to demand amnesty for political prisoners, the removal of the Cossacks and a constituent assembly, Cossacks suddenly entered the hall, fired five volleys into the audience, and charged with drawn sabres. Two persons were killed and many wounded.

Rostoff-in-Don, Nov. 1.—A crowd of 20,000 persons gathered in the prison square today and demanded the release of the political prisoners. In response twenty-two men were released, but the more important prisoners were retained in custody. The demonstrators were then dispersed by the troops. A number of persons were killed or wounded and the Jewish shops were sacked.

A REPORT DENIED.

New York, Nov. 1.—At the offices of the Delaware & Hudson Company in this city today the report from Scranton that the company is to be amalgamated with the Pennsylvania Railroad Company was denied.

THE ROAD TO PEKIN.

Foreign Force Policing Route About to Be Withdrawn.

Washington, Nov. 1.—The American state department has been informed that at the instance of Emperor William steps have been taken to secure the withdrawal of the troops of the allied powers associated in the suppression of the Boxer uprising which were assigned to the protection of the road from Peking to Tientsin. One of the articles of the treaty which terminated the Boxer uprising conferred upon the powers the right to police this road, the purpose being to secure a safe line of retreat for the diplomats and other foreigners in that capital and thereby avoid a recurrence of the siege of the legations of 1900.

Not all of the powers agreed to the permission and America refused from stationing troops on the road. A small garrison of soldiers, however, was stationed at the American legation in Peking and this force has only recently been relieved by a detachment of about forty marines.

Finns Fighting For Freedom

Red Flag and Finnish Ensign Fly Over All the Public Buildings.

Senate Demands Reforms From Czar and Forwards Its Resignation.

HELSINGFORS, Nov. 1.—All official buildings fly the red flag and the Finnish naval ensign. The police department is in the hands of the national guard, part of which has been armed by the Russian authorities. Thousands of reinforcements are reported to be marching from Thursday camp, 15 miles away. Up to the present all is quiet and order prevails, but a conflict is not impossible. The city is crowded with outsiders and numerous meetings are being held for the further discussion of the situation.

The senate, considering that tranquillity cannot be maintained until the full legal order is re-established, resolved that the Emperor should be requested to summon the diet to

Repeat the Dictatorship

and to grant other reforms, including the abolition of the censorship pending the establishment of the freedom of the press and the removal of grievances connected with the military services. Finally the senate resolved that as it no longer possessed the confidence of the people new senators should be appointed.

The resolutions were signed by all the senators and were despatched to St. Petersburg tonight, together with the resignations of the senators.

The movement for freedom is spreading throughout Finland. The strike continues, there are no newspapers published and high prices of meat still prevail.

Fighting for Freedom

It was reported during the course of the day that artillery was approaching the town. A deputation represented to the commander of the garrison that, as the whole Russian people were fighting for freedom the Finns were doing the same and would regard the artillery as a hostile force. The commander replied that while order was maintained the troops would not interfere. Prince John Obolensky, the Governor-General, has also promised that the troops will not interfere with peacefully disposed persons who are protesting.

The Social Democrats demand the summoning of a constituent assembly on the basis of universal suffrage before the diet is convened.

COMMUNITY OF INTERESTS.

New York, Nov. 1.—James J. Hill, president of the Great Northern Railway Company, said today that there is no quarrel between himself and E. H. Harriman, that there is not likely to be any and that there is no chance of any. Mr. Harriman's return from Japan he said that an era of competitive railroad building was at hand. Mr. Hill said today: "Mr. Harriman has his ideas of developments; I have mine, but I want to repeat that this talk of rupture, whether it emanates from Wall street or elsewhere, is absolutely rubbish. More than three-quarters of what has been printed about this competitive railroad building has absolutely no foundation."

Pacific Coast Happenings

Eleven Vessels of Arctic Whaling Fleet Caught in the Ice.

Crews Will Be Held Prisoners Until Next July Unless Rescued.

A British Ship's Visit to Port Townsend for Crew Proves Expensive.

SAN FRANCISCO, Nov. 1.—Eleven whaling vessels comprising almost the entire fleet which sailed from this city, have been caught in the ice in the Arctic ocean. They will not be able to get out until next July or August, and in the meantime their crews of 400 men must face the hardships of a winter in the north. This startling news is conveyed in a telegram to Lewis Anderson and Ford & Company of this city. The telegram comes from Captain H. H. Bodfish of the steamship William Bayliss, and states that only his vessel and the schooner Monterey were rescued.

The eleven vessels which were caught are the steamer Alexander, Capt. James A. Tilton; steamer Beluga, Capt. R. J. Cumisky; schooner Bonanza, Capt. Wm. Moggy; steamer Bowhead, Capt. John A. Cook; schooner Chas. Hanson, Capt. Jas. McKenna; steamer Herman, Capt. W. S. Farnum; steamer Jeanette, Capt. Newth; steamer Karluck, Capt. A. H. McGregory; steamer Narwhal, Capt. Geo. B. Leavitt; schooner Olga and steamer Thresher, Capt. Wm. F. Macomber.

San Francisco, Nov. 1.—The Russian cruiser Lena sailed at noon yesterday for Vladivostok.

Jealous Man's Crime

Sacramento, Nov. 1.—W. H. Neely, a railroad switchman, this afternoon shot Mrs. Annie McCue and Fred S. Sachs, a young man. He then went to his own room and shot himself, inflicting a fatal wound. The others will be recovered, but Mrs. McCue is seriously injured. Michael McCue, the husband of the woman, was away on a locomotive run.

Seattle, Nov. 1.—Five prisoners, members of the chain gang, escaped from the city jail last night by removing a bar from the cell. The names are G. L. Brooks, G. W. Bailey, Al. Anderson, A. McDonald and Leav. Cameron.

The steamship Tampico, which reached port this morning from Nome, reports encountering a terrific gale on the Pacific September 27th. Two members of the crew, Hans Eltman, and Wm. Eltman, mate, were killed. Cabin were smashed and the vessel was badly damaged. The cargo of lime caught fire and fifty barrels had to be thrown overboard to save the ship.

An Expensive Visit

Port Townsend, Nov. 1.—The first instance in many years where a laden vessel outward-bound was compelled to enter here today when the customs officials notified the British ship Deccan that she had remained the 48 hours allowed by law. The Deccan took her lumber cargo at Chemainus for Port Natal and when it was stowed proceeded to this port to take on cargo. Her time allowance expired this morning and she was not fully manned could not proceed. The result was that the customs requirements that would prevail on an incoming vessel from a foreign port were applied. The vessel paid tonnage tax, entrance fees, customs service, and will be compelled to pay still further consular fees and clearance when she leaves. It is said that \$200 will not cover the loss.

EXPLOSION IN POWERHOUSE.

Washington, Nov. 1.—At 2:20 o'clock today an explosion occurred in the powerhouse of the Potomac Electric Company. Two employees were thrown from the first floor to the roof. One was instantly killed and the other appeared to be dying when taken out. A number of others are believed to have been killed or injured.

MISSIONARIES MURDERED.

Five Americans Killed by Chinese During Disturbances.

Hongkong, Nov. 1.—Five American missionaries have, it is believed, been murdered at Lenchow. Details of the affair have not yet been received. Lenchow is a town of 12,000 people situated in the western portion of the province of Kwang Tung, at the head of the Gulf of Tong Ching, not far from the treaty port of Pakhoi.

Some of the Killed
Mrs. Machle and child and Mr. and Mrs. Peale are the victims of the disturbance at the Lenchow mission.
New York, Nov. 1.—Rev. Dr. Arthur J. Brown of the Presbyterian board of foreign missions in this city said today that all the missionaries in Lenchow were under the charge of the Presbyterian board. There were at the station in Lenchow, he said, Dr. and Mrs. E. C. Machle and child, Rev. and Mrs. John E. Peale, Dr. Eleanor Chestnut and Miss Elga Patterson. There were 37 other missionaries in the mission of Lenchow. Rev. Dr. Brown had received no information of murders at Lenchow.
Some of the Killed
Mrs. Machle was Miss Ella Wood of New York and married Dr. Machle of Cincinnati in 1889. She and her husband have been stationed at Lenchow since that year. They had a daughter, Elsie, 15 years old. Dr. Eleanor Chestnut had her home in America. She was appointed a missionary in 1893. John Rogers Peal was a new missionary who sailed from the United States last August. He was born at New Bloomfield, Pa., in 1879. He was educated at the Lafayette College and the Princeton Theological Seminary. He married Miss Gillespie last summer before going to China in August. In addition to four church buildings, the Lenchow mission, which has 297 native Christians on its roll, has three Sunday schools and three establishments. It also supports a hospital and a dispensary.

WEDDING OF MISS SMITH.

Daughter of Nanaimo's Member to Wed John Carr.

Nanaimo, Nov. 1.—Miss Mary Smith, daughter of Ralph Smith, M. P., is to be married early tomorrow to John Carr by Rev. A. M. Sanford. They will leave on the morning train to spend the honeymoon in Victoria.

VINEGAR QUENCHES FIRE.

Fireman Find Substitute When Water Supply Gives Out.

Albany, N. Y., Nov. 1.—Five hundred gallons of vinegar saved the barrel factory of Austin Bros. at South Bethlehem from destruction by fire today, after the firemen had used up all the water on hand. The fire started early this morning in the pump house. When the water supply gave out one of the villagers thought of a large quantity of vinegar which the firm had stored near by. The barrels were smashed in and the liquid dipped out and passed to the fire-fighters by buckets. Three small buildings were destroyed with \$1,000 loss, but the main factory was saved.

IS YOUR DOCTOR BILL LARGE?

Best way to keep it small is not to call the doctor, but use *Nerviline*. Instead, for minor ailments like colds, coughs, colic, cramps, headache and stomach trouble, *Nerviline* is just as good as any doctor. It breaks up a cold in one night, soothes in the chest, and for neuralgia, toothache and rheumatism you can get any relief so good. The taste of *Nerviline* extends far and wide, good for everything a liniment can be good for, and costs but 25c. for a large bottle. Nearly 50 years in use.

SUSPECTED OF MURDER.

Police Secure Evidence Against Man Accused of Waterdown Crimes.

Middleton, N. Y., Nov. 1.—Assistant District Attorney Rogers announced tonight that sufficient evidence had been secured to convict Charles Henry Rogers of this city for the murders of Fred and Willis Olney and Alice Ingerick and the murderous assault on Mrs. Georgia Ingerick, mother of the girl. Rogers, who was a motorman on the electric railroad here, disappeared soon after the murders. He is also charged with the passing of worthless checks. A reward of \$500 was offered by the county authorities for the conviction of the murderer. Rogers' parents reside near the scene of the crime. There is a suspicion that Rogers committed suicide after his disappearance, but many believe he is hiding in the woods near by.

USE

to make your own Maple Syrup. It is cleaner, cheaper and better flavor. Grocers sell *Mapleine*.

St. Petersburg Reports Anarchy

The Anti-Jewish Uprisings Have Taken Place in Several Places.

Terrible Deeds of Killing and Pillage Reported From Kazan.

St. Petersburg, Nov. 1.—Though today passed in comparative quiet here and at Moscow, despatches from all parts of the empire report disorders in many cities, with a heavy total of killed or wounded. The people while celebrating their new found freedom were in many instances set upon by Cossacks and police, while in other localities the spirit of mob violence broke forth and the lower elements of the population gave themselves up to pillage and destruction.

The most serious disorders apparently occurred at Odessa, where hundreds of persons are reported to have been killed or wounded, and where the rioting momentarily is expected to flare out into a repetition of the slaughter of last July, and at Kazan, where a

Three Days' Reign of Terror

was ended only by the retirement of all Cossacks to their barracks.

A deplorable feature of the news from the interior is that anti-Jewish uprisings have occurred in many places, especially by sacking their stores and clubbing the members of that race, in some cases resorting to the torch.

The attacks on the crowds are reported to be in most cases the work of Cossacks, who many times were let loose upon the people without direction or authority.

In St. Petersburg today General Trepoft, in accordance with his announcement last night, presented the resumption of revolutionary demonstrations by

Having the Crowds Dispersed

whenever and wherever they gathered. Kazan place and the Novsky prospect were several times cleared by Cossacks, and the crowds were driven from the vicinity of the university with whips and flats of sabres. General Trepoft was aided by the weather, which was cold and rainy, which kept many persons off the streets.

Count Witte's task in securing a fair trial for the new experiment in constitutionalism is a most difficult one. He is disappointed at not securing the support of the liberals, on whose co-operation he counted. Many of these are holding aloof and seem rather to enjoy the predicament in which the new premier finds himself.

Delays in the execution of the commission—Terrible deeds of plunder and violence on the part of the police and troops commenced here October 28. They were begun late at night, and when there were hardly any persons on the streets except the police and Cossacks, and continued throughout the whole of the next day and night. The police and Cossacks were let loose on the main streets, without plan, object or command.

Shops Were Pillaged

but appeals to the authorities by the proprietors of these were unheeded. Private residences were fired on, even shots taken at windows. The slightest pretext, even the lighting of a match, was sufficient to cause firing; while peaceable persons who were promenading the streets were fired upon and many of them killed or injured. There were

Signs of Butchering

on Vakresenchala street, where the snow was red with immense pools of blood.

The population is indignant, and even in the most conservative quarters rage is expressed. The members of the municipal council went to the governor, who informed them that the chief of police had resigned. The governor has instituted an enquiry into the affair. The Cossacks and other troops are now confined to barracks. The municipal authorities have been empowered to form a militia. Persons who were under arrest have been liberated. A great crowd today removed the arms from in front of the police bureau and took them to the municipal building.

FOR THE STOMACH AND BOWELS.

While the stomach and bowels are out of order, you cannot expect things to go right. Take Angler's Emulsion. It is especially adapted for the treatment of stomach and bowel troubles. It aids digestion, improves nutrition and acts as a gentle laxative on the bowels, thus creating pure blood and firm flesh.

APPEAL WITHDRAWN.

London, Eng., Nov. 1.—The privy council has decided to withdraw the appeal in the case of the Nelson & Fort Sheppard railway.

Tonight's Concert.—A concert, at which a number of the best local talent will assist, will be held this evening in the schoolroom of Christ Church cathedral, in aid of the Old Women's Home. One of the features of the programme will be an address on the care of the voice, by Sir Henri Joly, Lombard. Among those who have kindly consented to assist in the programme are Mrs. R. H. Pooley, Mrs. Hermann Robertson, Mrs. Helmecken, Mrs. Phyllis Moyer, Miss Malvern, Mrs. Giddens and Mr. Giddens. The concert will commence at 8:30 o'clock, and a very pleasant and enjoyable evening is looked forward to.

On the Shelf

of every home in Canada there should be a bottle of Shiloh's Consumption Cure, the Lung Tonic for Coughs, Colds and Affections of the throat, lungs and sinuses. It is easy to take, gives instant relief and cures permanently.

Generation after Generation

has pronounced Shiloh to be the safest, surest, quickest and best family cure for Coughs, Colds, Whooping Cough, Asthma, Bronchitis, etc. It is absolutely guaranteed to cure. It doesn't give you back all you paid for it. This offer is made in all sincerity and means just what it says. You can't lose. Try Shiloh. It will cure you, or say you were not and get your money back. Mrs. E. James, a nurse of Hibbing, Minn., says:

There is no cure like Shiloh for Coughs, Colds, Croup, Sore Throat, Hoarseness, Bronchitis or Whooping Cough. My eldest son was afflicted with this. The doctor could not relieve him. He used two bottles of Shiloh and was completely cured. It has no equal.

SHILOH

25c. with guarantee wherever medicine is sold.

BERNARD SHAW'S DEFENCE.

Author of Prescribed Play Protests Against Action of Police.

New York, Nov. 1.—A cable despatch to the Sun from London says: "Your correspondent yesterday interviewed George Bernard Shaw in reference to the suppression by the New York police of his play, 'Mrs. Warren's Profession.' 'Mr. Shaw said: 'If Police Commissioner McAdoo has earned by his public services the confidence of the American people as a man of higher character and deeper insight into social needs, moral questions and greater honesty of purpose and of the community than I, it is not for me to question his qualifications or to incite Mr. Daly to resist his authority.' 'I have a certain reputation in the world which will not be altered by Mr. McAdoo's conviction that I am a back-guardsman. The New York police have a certain reputation in the world and that also will not be altered by my conviction. I know my own business better than they do. I am extremely proud of having written the play; it has made me more friends than any other work of mine, especially among serious women.' 'Mr. Daly offered to abide by the verdict of the New York press. For my own part I would prefer a jury of public spirited women with experience in rescue work and shun like to any jury member. They know how society makes vice by refusing to pay virtue decently.'"

BE DONE WITH CATARRH!

Why allow this filthy disease to poison your system? It drains your strength, ruins digestion, pollutes the breath, makes you repulsive. The one certain cure is "Catarrhogen." It cures in 14 days, destroys the cause of the disease, cures thoroughly because it goes wherever the catarrh is, cures every case because its cure destroys the catarrh germ instantly. To get free from catarrh get Catarrhogen and use it; satisfaction guaranteed.

DOMINION NEWS NOTES.

Sudden Death of Christopher Robinson, K. C.—The Grain Crop.

Toronto, Nov. 1.—Christopher Robinson, K. C., died last night, after a long illness, of pneumonia. He was 77 years of age.

Toronto, Nov. 1.—John Colvin, a carpenter employed by the C. P. R., was killed at Pacific avenue crossing, Toronto, last night. The crossing was blocked by a freight train, and Colvin, being in a hurry, attempted to crawl under the train, when the engine started. The train passed over Colvin, severing his legs, and he died ten minutes later.

Wingham, Nov. 1.—The Button block was destroyed by fire this morning. Loss, \$12,000, with \$6,400 insurance. Five families who lived upstairs had narrow escapes, saving nothing but their nightclothes. The block was occupied on the ground floor by business establishments.

Manitoba Crops

Winnipeg, Nov. 1.—The 25,000,000 mark in wheat receipts was passed by the Canadian Pacific Railway today. When it is remembered that last year at the present date the total amount marketed was only 11,000,000 bushels, the immense activity of the Western farmers of the present season is apparent. Up to the close of business yesterday there had been delivered at the Canadian Pacific tracks 14,652,000 bushels of wheat and 1,143,000 bushels of other grain. The total of 25,795,000 bushels of grain. In the corresponding period last year the quantity was 11,536,000 bushels. The astonishing advance of the present over the last season is unaccountable and supports the supposition that the grain yield of the present year is about double that of last year. Should the present rate of receipts as compared with last year be maintained, the total for the year will be nearer 125,000,000 than 100,000,000. No conservative average suggests that either of these figures will be reached, but it becomes increasingly apparent that the figures reached early in the fall will be far surpassed.

Winnipeg Statistics

Inland revenue collections for October, the largest in the history of the city's port, were \$107,868.62; for the same month a year ago, \$91,883.45. The customs collections at the port of Winnipeg last month were very large and were \$32,842.54 in excess of the collections for the corresponding month of last year. The figures are: Collections, October, 1905, \$285,760.29; October, 1904, \$192,917.75; increase, \$92,842.54.

Land sales of the Canadian Pacific for the month of October in the three western provinces were 79,488.41 acres, at \$13.07, an average of \$5.20 per acre. The Canadian Northwest Land Company sold 2,257 acres for \$91,600, an average of \$5.80 an acre.

Barr Colony Progressing

Colonization Agent Spiers has just completed an inspection of the Lloydminster or Barr colony, and is much pleased with matters as he found them. The British colonies are doing well.

He says: "They have overcome their initial difficulties. They are cultivating their land and have grown good crops. The town of Lloydminster is building up rapidly and will in the course of a few years be an important commercial centre. The prospects throughout the country were never more hopeful than they are now, and the future development of the west is sure to be rapid and extensive beyond all precedent."

Big Real Estate Deal

Regina, Nov. 1.—One of the largest deals in farm lands ever put through in Regina was completed yesterday. Messrs. Gray and Hamilton sold the Klime farm of 640 acres, half a mile south of the city, to Mr. E. A. Gates of Minneapolis, at \$10,000, or \$15.60 per acre. This establishes a record for the farm lands in Regina district. The land in question was bought by Mr. Klime three years ago for \$9,200.

THE WORST OF A COLD

Is how suddenly it comes. No time to hurry to the drug store, croup develops, the lungs are affected with pneumonia or tuberculosis, and it's for life. Keep Catarrhogen on hand—it kills colds instantly. Something magical about the way it cures Catarrh and Bronchitis. Catarrhogen is the best remedy because it cures in nature's way; it heals, soothes and restores permanently. Carry a Catarrhogen inhaler in your pocket, use it occasionally, and you will never catch cold—that's worth remembering.

S. P. C. A.—The annual meeting of the Victoria branch of the British Columbia Society for the Prevention of Cruelty to Animals will be held in the city hall tomorrow evening. His Worship the Mayor will preside, and the lethal chamber and other matters of interest will be reported upon.

GOOD PAY ON RUBY CREEK

Bonanza Basin Dredge Stated Working Very Late In the Season.

Skagway, Oct. 23.—The Ruby Creek Mining Partnership, Robert McKay manager, has closed down its operations on Ruby Creek, in the Atlin district, for the season. This company, which, practically speaking, was the only operator on Ruby Creek this summer, has really only been prospecting and had a small crew at work. Prospect drives were run up and down this creek and in other directions, and pay was found to be evenly divided and to carry somewhat better values than was formerly reported. In all some 1,500 feet of bedrock was cleaned. A property with the showing thus far developed, and with the grade and water Ruby Creek possesses, would, with the expenditure of a fair amount of capital, make an exceedingly good paying hydraulic proposition.

The dredge on Gold Run, in the Atlin district, of the B. A. D. Company, O. T. Switzer manager, closed down operations for the season last week.

Bonanza Dredge Working.—The Bonanza Basin Gold Dredging Company's dredge, the machinery for which went through Skagway from Vancouver last June, has at last been put at work. It commenced work on October 11 on the Klondike River, in the Yukon, and will work its way up that stream a short distance to where it is to operate permanently. The big dredge has been moving slowly, but promises to do a great deal of work after it limbers up. The dredge has a capacity of 3,500 cubic yards a day. This is one of the largest dredges in the Klondike, and is to be followed next year by other big dredges which will be placed on the same property by the same company.

Operations on Gold Run.—Malcolm McConnell, who owns a claim and an interest in several other properties on Gold Run in the Klondike, and who will operate on a large scale next season, is in the city on his way to his home in Tacoma. McConnell is a Yukon pioneer and has been operating more or less all the time for several years on Gold Run. This year he determined to install a hydraulic plant, and he has a large area of ground stripped and ready for active operations with the first water in the spring. This, with the plant owned by the Gruener-Gold Run Company, will witness the beginning of hydraulic operations on this creek.

Katishna No Good.—According to news brought by some of the arrivals from the Tahana, the Katishna country, which is being boomed at the present time as such a camp, looks like the Koyukuk, and thus far has not proved to be any better than the Koyukuk. That is to say, the ground is shallow and rich in spots, but has no defined wide and extensive paystreaks. At least nothing very extensive has been found so far. The big rush of prospectors into that country, these men say, will likely see the entire field prospected quite thoroughly.

Light Whaling Station.—The contract to install an electric lighting plant at the whaling station at Barkley Sound has been let. The plan will consist of a 10 K.W. Westinghouse motor, with a Climax engine, and will be capable of supplying enough power for 200 lights, both incandescent and arc. The plan will be used entirely for the lighting of the building, the handling of the whales being done by steam. A representative of Hutchinson Bros. left on the Queen City last evening to superintend the installation of the plant. He is taking down with him all the paraphernalia for wiring the building, and expects to have the system in running order in about two weeks' time.

SEVERE COLD IN THE CHEST.—"My fourteen-year-old boy had a very severe cold in the chest last winter and I really thought he was going to die. He coughed nearly all the time and sometimes would spit up blood. I can positively say that he was completely cured by two bottles of Dr. Chase's Syrup of Linseed and Turpentine, and he has not been troubled since."—Mrs. J. Provost, Renfrew, Ont. n25

Happenings in Police Circles

Japanese Equestrian Found the Horse's Desire to Reach Stable Uncontrollable.

D. McLain Must Pay \$75 for Assaulting His Neighbor for Breaking Door.

Arthur Mikuni, a Japanese, was charged before Magistrate Hall with furious driving, rather with furious riding. He hired a saddle horse from the Transfer stables and went forth brave as Xerxes. "It honorably is that I do not augur," he said. "When on Government street the horse started full tilt for the stables. The man from Nippon pulled at the reins. He also used his whip like a losing jockey. He rode along Government street like one John Gilpin of ancient times, helpless to stay the galloping steed."

At the corner of Government and Broughton streets there were a number of people, including some children, who had a narrow escape as the horse swerved around the corner, scattering the pedestrians pell-mell as it clattered toward the stable.

"I speak not much English," Mikuni explained. "I understand but to say 'gangway.' This I did muchly, calling to august people to honorably to gangway."

Constable Palmer was nearby and he summoned the Japanese. When the constable gave evidence of the furious riding counsel for the Japanese questioned the knowledge of the constable regarding horses. He asked the constable if he was an expert concerning horses. The constable said he was.

"I doubt it," said the counsel. "What is ringhorse?"

Then ensued the explanation concern-

McLain called upon him to pay for a new door. This Thoresen declined to do. He would repair the broken panel, no more. Then McLain fell upon him and they fought.

Thoresen gave evidence that McLain threw him down and kicked him, causing severe injuries. He also swore that McLain got an axe and would have killed him if he hadn't run from the cabin. Mr. Perry Mills for McLain brought out the facts that Thoresen had served time for biting a man's finger and for selling liquor to Indians.

But the assault upon Thoresen was proven and McLain was fined.

STRICKEN WITH PARALYSIS.

Mrs. W. R. Sutherland, St. Andrews, Man., writes: "I was stricken with paralysis and lost power of the tongue and left leg. For six months I obtained no relief either by doctors' prescriptions or other medicines. Mr. Lusk got me Dr. Chase's Nerve Food, which has revitalized my nerves and given me full power of the paralyzed parts. I am strong and well now, thanks to this great medicine."

Do you carry any gripe insurance? Campbell's Gripe Tablets, 25c; no further dues. Campbell's drugstore, corner Fort and Douglas streets.

For 25c you can purchase a bottle of Shotbolt's "Cucumber Cream." Rough skin and all kinds of chaps disappear before it. The Pioneer Druggist, Johnson street, supplies you with it.

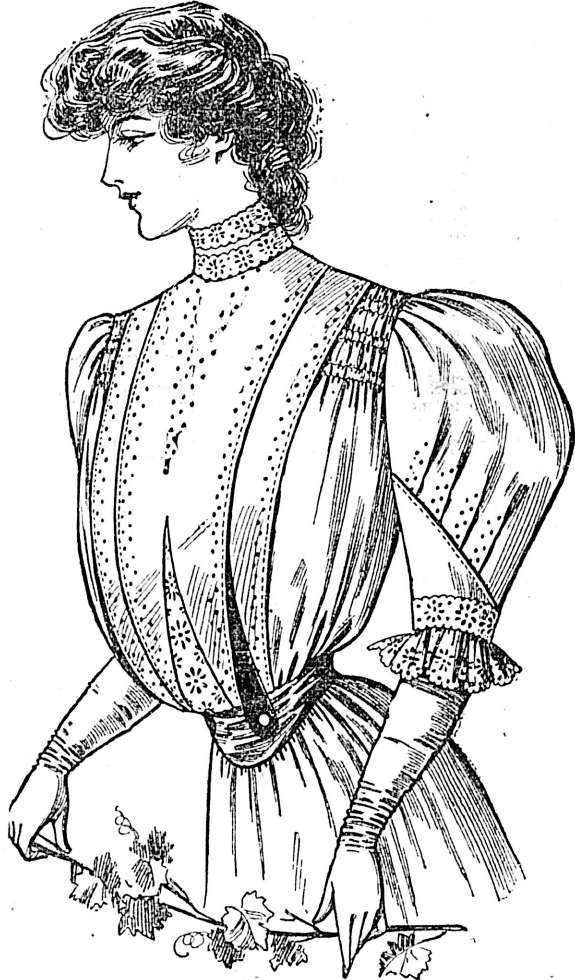

MASQUERADE AT ASSEMBLY HALL

Pupils of Mrs. Simpson's Class Held an Enjoyable Dance Last Night.

Assembly hall was well filled last night with a throng of merry-makers, the occasion being the first masquerade of the season held by the pupils of Mrs. Simpson. There were many costumes evidencing the greatest care in preparation. Sailors danced with dainty "mosmos" in kimonos.

Daily Fashion Hints

cial Agreement With the American Published by The Colonist Under Special Fashion Company, 853 Broadway, New York.

Ladies' fancy waist of crepe de chine developed over a fitted lining and closed in the back. The plaits in waist and the centre fronts are finished with French knots the same shade as trimming straps, which are arranged under the two front and the two back plaits as shown. The straps and knots are of a darker shade than the waist itself. The front of waist

is shirred at the shoulder. The collar is trimmed with embroidery Anglaise same as the trimming of the elbow sleeve which is now, and will be fashionable all winter. Silk taffeta, pongee and Liberty satin are very choice materials which may be used in the reproduction of this waist. Six yards of 21-inch silk and one-half yard of contrasting material will be required.

ing ringbone and other features of the animal, horse, and finally the magistrate fined the Japanese who sought to learn equestrianism \$20, which was paid.

Daniel McLain, a cabin man, was fined \$75 for assaulting a neighbor, John Thoresen. McLain had charged Thoresen, the stronger man, with assault, but the charge was not proven. Then Thoresen charged McLain, and Dr. Fraser gave evidence of the injuries the complainant had received when kicked in the stomach and groin by the accused. The row followed a drunk. Thoresen broke in a panel of McLain's door.

ASTHMA
Samples of Clarke's Kola Compound sent free of all Sufferers.
Don't be prejudiced against Clarke's Kola Compound because all other remedies have failed. It is because Clarke's Kola Compound is different from anything else, that it can, and does, cure. It has saved the lives of people who suffered for 20 years with Asthma and were on the verge of Consumption. Suppose they had refused to try it because others failed. Don't hesitate. Surely you will not let prejudice prevent you from winning health and happiness, especially when the sample bottle costs nothing. Write to The Griffiths & Macpherson Co., Limited, Toronto, Canada.

SUSPECT BURGIARS ARE UNDER ARREST

Police Believe They Have Individuals Who Robbed Howard Chapman's Residence.

Yesterday morning the police were informed of a burglary which had occurred the previous evening at the residence of Howard Chapman, traveler for Thomas May & Co., of Montreal, at 142 Meunier street, James Bay. Thieves entered during the absence of Mrs. Chapman. Mr. Chapman is at present away from the city.

Mrs. Chapman left the house about 8:30 p. m. and did not return until 11 p. m. Upon her return she saw that burglars had been in the house and had stolen a considerable amount of her jewelry. Fearing the thieves were still in the place she went to her bedroom and bolted the door.

The police were notified yesterday morning at 8 o'clock. When the detectives went to the residence they saw that the residence had been entered by the dining room window, which had been prised open. The footmarks of the burglars were plain in the garden near the window.

The goods stolen are valued at several hundred dollars. The list of the property taken is as follows: Emerald ring, diamond ring, keeper ring, ring with rubies, ring with pearls, pearl necklace, ladies' gold hunting case watch, with initials A. C. on back, long gold chain (15 karat), gold bangle with basket, two gold nuggets, brooch with wishbone, pearl and diamond in centre, brooch, half moon of pearls, diamonds on each side, old-fashioned old gold brooch, some jubilee coins.

The detectives have been searching for the stolen property since the robbery was reported. They found two suspicious characters who may have had a share in the robbery. The two men, who were in a cabin on Store street, gave the names of John Ladd and Nicholas Doody. Pieces of black cloth with holes cut for the eyes, masks such as burglars would use, were found in their possession, and some blankets, identified as some stolen from the Telegraph hotel, were also found in their cabin. They have been charged with stealing the blankets.

The two men are the remainder of the gang which the police have been endeavoring to locate. Two members of the gang were already under arrest, charged with vagrancy. This couple, who gave the names of Kirby and Lance, were again remanded in the police court yesterday morning on the charge of vagrancy.

Kirby has been identified as Neilson, who served a year in the city jail for stealing a seal-skin coat and threatening to shoot Detective Perdue. Neilson was here in 1898, when he stole the seal-skin coat in question from a woman living on Yates street. He sold it to another woman resident on Douglas

MEETING OF TRADES AND LABOR COUNCIL

President Coldwell Urges Unionists to Constantly Patronize Home Industries.

The Victoria Trades and Labor Council met last evening, President Coldwell in the chair. The secretary reported, on behalf of the executive committee, that active steps had been taken to induce all labor unions in Victoria, Nanaimo, Ladysmith and Extension to affiliate with the Dominion Trades Congress.

Delegate Williams reported on behalf of the civic committee with regard to labor on city work. He announced that they had an interview with the aldermen, and the matters in dispute were satisfactorily settled.

A letter of thanks was received from the Ladies' Auxiliary, acknowledging the receipt of \$30 from the labor unions.

A communication was received from the Laundry Workers' Union in regard to certain matters connected with their work. The organization committee were instructed to take active steps in the matter.

The president spoke at some length, strongly advising all members of labor unions to patronize all kinds of home-made goods. Many members spoke on the subject, agreeing with his remarks and expressing the opinion that home-made goods were just as good in quality and just as cheap in price as any imported goods. The delegates all signified their intention of advising their respective unions accordingly.

The civic committee was instructed to interview present and prospective aldermen with a view to having men who are residents of the city get first consideration on the new sewer work that will soon commence.

Considerable discussion took place on the gambling question, but no definite action was taken.

Atlin Mining.—A Skagway correspondent writing under date of October 28 says: "The cold snap which settled down over the North last week has caused the closing down practically of all open placer mining operations. Some, however, have resumed work this week owing to the change to moderately warm weather. In the Atlin district on nearly all the creeks operations have ceased. The North Columbia Mining Company, of which J. M. Ruffner is manager, had all its pits closed, but succeeded in resuming operations at some of them. This company has only about twelve days' pumping to do to clean up its season's work, and if it can get that many days in succession, will wind matters up for the season. The Willow Creek Company was also compelled to close down owing to the frost, but expects to get a few more days in. It also requires about twelve days in which to wind up."

Local News

Dancing Class.—Mrs. Lester's Thursday evening advanced class will meet this evening.

Cumberland's Ambition.—At Cumberland, Comox district, there is some talk among a number of the business men of forming a board of trade for the city. There are a number of matters requiring adjustment that do not come within the scope of the city council.

Position at Hospital.—F. Elworthy, secretary of the board of directors of the Royal Jubilee hospital, is calling for applications for the position of housekeeper-stewardess of the institution. The same will be received till November 15th next.

Bank Clearings.—The Victoria clearing house has just issued the following statement: Total clearings for week ending Oct. 31, \$587,417; total clearings for month of October, 1905, \$3,076,101; 1904, \$3,011,830; 1903, \$3,439,337; 1901, \$2,414,855; 1901, \$2,772,174.

Coal Mines Act.—Thos. Bickle, John Zanaud and Anthony Meada, miners employed in the Cumberland collieries, are charged with being underground over eight hours, contrary to the coal mines regulation act, and their hearing will take place today. A charge for each of the cases has also been made against the management of the colliery.

Fishermen's Strike.—The Nanaimo Herald records the fact that a small sized strike occurred on Sunday last at the plant of the Gulf of Georgia Fishing Company on Protection Island. The boys engaged in putting up the dog salmon struck for double pay for Sunday work and were refused. They accordingly quit work and the places were at once filled by fishermen.

Local Growth Grapes.—The staff of the Colonist was yesterday regaled with a box of luscious grapes grown at the farm of Charles B. Jones, Colquitz district. The fruit was of exquisite flavor, much resembling the famous Concord variety. Mr. Jones says his crop from 9 acres of vines this year will weigh 200 pounds in weight, thus indicating in his opinion that the variety can be grown to an industrial extent in this section. The past season was not a favorable one for fruit, there being too much rain. Nevertheless the results were highly satisfactory, giving augury of better achievements next year.

All Saints' Day.—Yesterday All Saints' Day was observed by special religious services at Christ Church and Roman Catholic cathedrals at 8 a. m. Holy communion was celebrated at Christ church, while matins and evensong were sung at the cathedral. In the evening there were special choral services, followed by an interesting and appropriate sermon by Bishop Perrin. At the Roman Catholic cathedral low mass was celebrated at 6 and 8 o'clock, while high mass took place at 9 o'clock. A beautiful service of the evening service, delivering a very impressive sermon, afterwards conducting vespers of the dead, whose communication services will be observed today, All Souls' Day. Members of the congregation are particularly requested to attend today's services.

Applying for Water.—At New Westminster, on Monday the application of the Britannia copper syndicate of Howe Sound came up before Water Commissioner Fisher, but owing to the fact that Mr. Fisher cannot grant a record of water to be used for mining purposes, he informed the applicants that the application would be adjourned to come up before Gold Commissioner W. S. Gore at Victoria tomorrow. According to the act Mr. Fisher can only grant records of water to be used for agricultural, industrial or domestic purposes, but a move is being made at present to have the power granted to him also to grant records for mineral purposes in New Westminster district. The Britannia Company is applying for a hundred inches of water from Mineral creek, Howe Sound, to be used for power and milling purposes at its mines on Britannia mountain, Howe Sound.

P. O. Parcel Boxes.—During the present week, under the supervision of the postoffice department, eight parcel boxes will be established in the following locations: Craigflower road and Catherine street, Hillside avenue and Douglas street, Chambers street and Caledonia avenue, Oak Bay avenue and Cadboro road, Minzies and Niagara streets, Cook and Fort streets, Douglas street and Pandora street, and on Government street near the old postoffice. These boxes are intended for the exclusive use of newspapers and parcels, and the public is cautioned not to post letters in them. The contents of these parcel boxes will be collected daily, commencing at 9 p. m. Arrangements will be made for an additional daily collection from the last three boxes commencing at 6 p. m. The conveniences will be available in a day or so.

From Windy Arm.—Among the passengers on the Princess May yesterday morning was A. M. J. of Victoria, who spent a great part of the summer in the Yukon, and particularly in the vicinity of Windy Arm. Said Mr. Munn in an interview: "One does not need to be a prophet to foresee great developments in this district during the coming spring and summer. A. M. J. Conrad, the man at the head of affairs in the development of the district, tells me himself and associates will spend from a million and a half to two million dollars in improvements, including tramways, concentrators, etc., during the coming season and has already secured the funds for the building of a smelter, which will be started in the spring. During the past summer about 2,000 feet of development work has been done, a four-mile tramway has been nearly completed, all involving a large expenditure of money. During the winter development work will be continued wherever men can be housed and properly cared for on the Conrad properties."

D. W. Higgins' new book of local tales, "The Passing of a Race," now on sale. Victoria Book & Stationery Co., Limited.

Use telephone to New Westminster.

Naval Promotion.—Word has been received from London that Lieut. J. S. G. Fraser, R. N., serving on the Egeria, survey ship on the Pacific coast, has been reported to her on promotion from the rank of sub-lieutenant. Lieutenant Fraser donned the navy blue in September, 1890, and has served on the Egeria since March of last year.

Pennwood Association.—Tomorrow evening a meeting of the Pennwood Young Men's association will be held, when plans for the winter session will come up for discussion. After the transaction of business a basketball practice will take place. All members interested in the welfare of the club are requested to attend.

Longshoremen's Luck.—The Vancouver News-Advertiser announces that Samuel Roberts, who for many years has served as a longshoreman on the Terminal City water front, has fallen heir to \$15,000, left him by a wealthy relative in England. Mr. Roberts is a married man, residing on Homer street, Vancouver.

New Superintendent.—M. S. Wheatley, who has had charge of the C. P. R. divisional point at Maled for the past four years, has been appointed mechanical superintendent of the Esquimalt & Nanaimo branch of the Canadian Pacific railway, with headquarters at Victoria. He will be succeeded by F. R. Pennefather of Calgary, son of Dr. Pennefather of Holland.

Lady Donegal.—Among the recent arrivals at the coast is Lady Donegal, of Castle Chichester, Isle Magee, County Antrim, Ireland, who has been visiting her mother, Mrs. J. C. Donegal, the wife of Edward Arthur Donald St. George Hamilton Chichester, Earl of Donegal and Belfast. The title is a very old one, having been created in 1647. En route west Lady Donegal spent a few days at Banff and several of the mountain resorts.

The Upper Yukon.—Advice from the north of the effect that navigation on the upper Yukon is holding out much longer this year than was expected, and as a consequence the transportation business is also holding out. The White Pass fleet, however, are all in winter quarters, and their crews returned to their respective places of abode until the ice breaks up again in the spring.

Big Butcher Business.—P. Burns & Co., Ltd., are handling an immense business in Canada at the present time. They have the contracts for the meat supplies for the following big railway companies: Nicola to Spence's Bridge, Midway-Vernon, Lake Superior to Winnipeg; Foley Bros. and Larsen, double-tracking the C. P. R. from Lake Superior to Winnipeg, Yach to Spokane and Toronto Sudbury. P. McCarty is at present located at Spence's Bridge looking after the contract for the Nicola-Spence's Bridge supply.

The V. V. & E.—Word has been received at Westminister from the Victoria Northern Railway Company, of which both the Vancouver, Westminister & Yukon and the Vancouver, Victoria & Eastern are subsidiary concerns, that grading on the section of the V. V. & E. from Cloverdale to Huntingdon, and be commenced within a few weeks, and K. R. Frohott of St. Paul, who superintended the construction of the V. V. W. & Y. from this city to Vancouver, is now on his way to the coast to look after the work.

Example of Confidence.—The Vancouver Province says that as an example of the supreme confidence reposed in Mr. Andrew Haslam, the Nanaimo lumberman, who recently failed in business so badly that he lost all his worldly possessions, even to the home that sheltered his family, the story of James Hill, an engineer at the Hudson's Bay Hotel, is disconcerting. Briefly, the tale is that James Hill worked for over twenty years for Mr. Haslam, and during that time drew little but bare living expenses from his wage account, leaving the balance in the care of his employer.

Crash Came.—Within a few months ago there stood to the credit of old Jimmy Hill on the books of the company over \$19,000. That large amount was due the old man on wage account with accrued interest.

Must Not Sell Trout.—That trout of any kind may not be exposed for sale between October 1st and December 31st is being explained to provincial shopkeepers by R. T. Bartwell, Dominion fisheries officer, and he states that in case of infractions of the law after he has given warnings he will enforce the law. He says that the provincial officers and Dominion laws are in conflict on this point and many storekeepers believe that they are breaking no law in exposing trout for sale at the present time. The Dominion officials, however, hold that the provincial laws are ultra vires and that the federal statutes cover the whole matter. Under the Dominion laws the sale of salmon under three pounds in weight at this season of the year is also prohibited under a severe penalty on conviction.

C. P. R. Carmen.—The negotiations of the carmen of the Canadian Pacific railway with the company have been brought to a successful conclusion, and substantial increases in wages were granted, dating from October 1st of this year. The request for an all-around increase in the rate of pay was presented to the officials of the railway by the representatives of the carmen's union on August 22nd last. Since that time the matter has been under constant consideration and meetings between the two parties were held almost daily, part of the work being done in Montreal and part in Winnipeg. The men representing the carmen in the negotiations were L. L. Hannah, general chairman of the joint protective board of the Canadian Pacific railway system; J. J. Hills and Andrew Dair, of Winnipeg; George Scholten of Calgary, and an executive committee in Montreal.

C. P. R. Grades.—Plans to improve the grades of the C. P. R. in the mountains are stated to be under consideration by the company. The main line as it now stands is the grandest tourist route in the world, but with the growth of freight traffic over the summit of the Rocky and Selkirk mountains the grade has to be overcome. It has long been the established principle of railway building that the contour be followed as far as possible, and the C. P. R. has two plans in view. Both of which are receiving full consideration, and one of which will probably be adopted at the next annual appropriation. That the work can be put in hand next spring. One plan is to continue the Crow's Nest road round the north end of Kootenay lake, connecting with the Lardene railway, and extend the road from Genaro to the North Arm of the lake. The other plan is to build from the present main line at Beaver round the Big Bend of the Columbia river all the way round to Revelstoke.

A LEGAL BATTLE OVER WATER RIGHTS

Hearing of Famous Goldstream Case Set for Tomorrow in Supreme Court.

Great interest is being taken in the legal battle which opens tomorrow over the civic water question. Both sides have been actively engaged during the last few days in looking up references and acquainting themselves on all points of the case.

The representatives of the city yesterday undertook to obtain a better knowledge of the district over which the trouble has been caused, and in company with Water Commissioner Jaynour, Messrs. E. V. Bodwell, K. C., and E. P. Davis, K. C., drove out to Goldstream and made a careful examination of the property.

In order that the citizens may know the exact claims which have been made by the representatives of the Water Works Company, it is deemed advisable that the full text of the plaintiffs' claims, which are set forth in the writ of summons, should be made known. It is as follows:

"No. 1. A declaration that the defendants are not entitled to any record of any of the waters of Goldstream or its tributaries and of Niagara Canyon creek, or either of them, but that the plaintiffs are exclusively entitled to all such waters."

"No. 2. A declaration that the waters of Goldstream and its tributaries running through the plaintiffs' property known as section 8, Goldstream district, and the waters of Niagara Canyon, running through plaintiffs' property, lot 85, Malahat district, are not, nor are any or either of them, open to use under the water clauses of consolidation act, 1897, and amended acts."

"No. 3. A declaration that the notices which the defendants posted or purported to post of their intended applications to be made to the commissioner on the 20th day of September, 1905, under the water clauses consolidation act, 1897, and the posting of such notices, are invalid."

"No. 4. A declaration that at the date of the said notice the plaintiffs had exclusive right existing in respect of the water mentioned in said notices."

"No. 5. An injunction to restrain defendants from entering upon section 8, Goldstream district, and lot 85, Malahat district, and any of the lands of the plaintiffs in the districts of Goldstream, Malahat and Highland and from posting notices thereon or on any part thereof, of any application for any record of said waters and from making or proceeding with any application to the commissioner or gold commissioner under the water clauses consolidation act or amending acts to record said waters or any of them."

Customs Returns.—For the month just ended the customs returns for the port of Victoria show the exports to have amounted to \$117,308; the imports, \$210,491, and the revenues, \$55,927.22. Of the exports \$109,163 represented domestic and \$8,265 foreign goods. There were \$55,580.77 collected in duty.

Fine Portrait.—In the window of Joseph Sommers' store, Government street, is exhibited a portrait in oils of His Grace Archbishop Orth of the Catholic church. This is the first example produced in Victoria from the brush of the well known artist, Walter Greuter, recently arrived from Europe. It is a 32x40 canvas and a speaking likeness of His Grace, represented in his canonical vestments. The work is one of the highest order of artistic merit and well worthy of inspection.

Mothers' Club.—The Mothers' Club had a very interesting and well attended meeting yesterday afternoon in the Spring Ridge schoolroom. The books which the club presented to the society, arrived and the ladies were well pleased with them. It was decided to ask Mrs. F. A. Buxford to deliver an address upon "Health" to the ladies at the next meeting, to be held on November 15. The following ladies were elected as delegates to the annual meeting of the Local Council of Women, to be held in December: President, Mrs. E. J. Wall, Secretary Mrs. T. J. Davies, Mrs. Savoy and Mrs. Stadthagen.

Boundary Surveyors Back.—All work for the present season on the demarcation of the new international boundary line between Canada and Alaska has been finished and the survey parties who have put in a busy summer in the North are returning south for the winter. W. F. Rutz and party, who were working south along the peaks of the Coast range from Skagway have returned from the North. They achieved good progress during the summer, although hampered by bad weather, and placed bronze monuments on a number of difficult peaks, besides blazing a trail all along the boundary line.

Board of Horticulture.—The statutory meeting of the board of horticulture concluded its sessions yesterday evening, the members dealt with having been more or less of a routine character. Thomas Cunningham, inspector of fruit pests, and W. E. Scott, member of the board for this district, will take an early opportunity of visiting this part of the province with the object of making a thorough inspection of orchards and addressing some supplementary meetings of the Farmers' Institutes. Rupert B. Verner was appointed quarantine officer at Osoyoos. The inspector reported that a number of trees imported from Ontario were found to be infected with what is known as blackheart, and have been destroyed at Summerland. Some recommendations were made to the government with regard to certain minor amendments to the Horticultural Board Act. In conformity with a request made by the Kootenay Fruit Growers' Association, an addition was made to Rule VI. of the rules and regulations prohibiting the use of packages which have been used for the importation of fruit, otherwise than for fuel.

ELECTRICAL ENGINEERS

Miners Have a Hard Experience

Swamp Their Boat and Afterwards Subsist on a Big Wolf Robe.

Ice Jam Below Forty-Mile—The Upper Yukon Streams Frozen.

A special Dawson despatch dated October 31st says: W. H. C. Jackson, George French and James Landale arrived at Selkirk on Thanksgiving day with the remnants of a wolf robe, the greater portion of which they had cooked and eaten to sustain life for eight days. They had a thrilling experience coming down McMillan and Pelly rivers, and the heavily running ice they swamped their boat and lost their provisions the first day out. For eight days, partly by raft and partly by climbing up over land, they made their way to Selkirk in time for a Thanksgiving dinner, which, after a diet of wolf robe, was duly appreciated. The men were nearly exhausted, but were able to take the Prospector to Dawson, arriving here yesterday.

A big ice jam has occurred in the Yukon river below Forty-Mile. The blockaded waters are rising rapidly and already are the foot hills at Forty-Mile town than before the jam occurred.

Capt. Shannon, of the steamer Prospector reports all side streams flowing into the Yukon now frozen solid.

James Gibson, government engineer, has returned from a survey trip along the North Fork of the Klondike. He made a photo-topographical survey of the country where the proposed government water ditch may run. Mr. Gibson has been in the field since the middle of summer and has covered 35 miles of country.

On account of a heavy fall of snow, the White Pass Co. already has reduced the stage fares from Dawson to White Horse for the present from \$1.25 to \$1. After the river crossings freeze the fare will be further reduced to 75 cents, at which figure it will remain until the close of the winter.

Operator George McLaughlin, of Vancouver, now stationed at Selkirk, Y. T., was married yesterday to Miss Vivian Swinehart, second daughter of Mr. W. H. Swinehart, of "The Farm," Selkirk, Y.T. Archdeacon Canham officiated.

BANK CASHIER'S SUICIDE.
Message by Despairing Man to His Wife Before Committing Deed.

Pittsburg, Nov. 1.—The following statement of T. Lee Clark, cashier of the Enterprise National bank of Allegheny, Pa., written a few hours before he committed suicide, was made public here tonight:

Dearest Wife and Children: In ten hours or less I will be in the other world. You have been a dear wife to me. Andrews has worked my ruin. Dear wife, keep all the insurance for yourself and babies. How I hate to leave you all. I have made a desperate effort to keep things going until I could get the bank financed, but it has been too slow. The exorbitant wife and I am ruined. Do forgive me; it is not my fault. I have been shamefully robbed. The bank will get everything but the life insurance. Your husband, Lee.

Letter Written at Bank
Clark committed suicide on the morning of October 18th and the above statement, written with pen and ink on one of the bank's letter heads, was found at the dead man's home by his 14-year-old daughter and turned over to his attorney. It was evidently written at the bank the night before the suicide, when Bank Examiner Cunningham and Clark worked till midnight on the books of the institution.

T. Lee Clark, the deceased cashier, was treasurer of the Santa Fe railroad, of which W. H. Andrews was president. The road is in New Mexico and is about 117 miles long, running from Santa Fe to Torrance, with a branch now projected to Albuquerque.

Wash greasy dishes, pots or pans with Lever's Fat Soap a powder. It will remove the grease with the greatest ease. 36

OUR LAST RECOMMENDATION

Was to Purchase Hudson Bays at \$125—
Today those Shares Stand at \$400

Our clients, most of whom profited by this advice, will recognize in OUR INTERVAL OF SILENCE a sufficient ground for increasing confidence in our judgment. WE LEAVE SPORTING RISKS TO OTHERS and cleave strictly to sound and solid investments that can stand the shrewdest scrutiny, and offer LARGE DISCOUNTS WITHOUT RISK. The rarity of such opportunities demands our silence. WE NOW BREAK OUR SILENCE and recommend as the soundest and most promising of Canadian investments the shares of the

Calgary & Edmonton Land Company

DIRECTORS—C. D. Rose, M. P., London, Eng.; Ernest Chaplin, London, Eng.; George Grinnell-Milne, London, Eng.; E. B. Osler, M. P., Toronto; James Ross, Montreal.
Capital, \$241,000 (about \$1,265,000), all paid up.
Profit for year (1904) \$240,681 11s 6d (\$243,400).
Balance carried forward (1904) \$76,866 14s (\$324,300).
Unpaid instalments due Company, \$1,504,227.14.

LAND STILL UNSOLD, exclusive of mineral rights, 55,431 acres. The entire debenture debt of the Company HAS BEEN WIPED OUT. \$66,000 (\$330,000) being redeemed during 1904, and \$24,000 (\$120,000) January, 1905.

A DIVIDEND of 60 cents was paid in May, and 50 cents per share in August. A bonus or return of capital of 60 cents per share is announced for payment later in the year.

WE DEAL IN THESE SHARES—which are listed on the London (Eng.) Stock Exchange—in lots of 20 shares and upwards, either for cash or ON A MARGIN OF 20 PER CENT.

The Company's Assets are Double the Present Price of the Shares—which is \$13.50

With a free market, solid BUYERS BEING PLENTIFUL. FIFTY SHARES would cost for CASH, \$675, or ON MARGIN, \$135. IF YOU HAVE PREVIOUSLY PROFITED BY OUR ADVICE, DO SO AGAIN NOW. WIRE your order today.

B. C. AGENTS: WAGHORN GWYNNE & Co., VANCOUVER

RAILWAY PROGRESS.

Work of Surveying V. V. & E. Said to Be Proceeding Rapidly.

The work of surveying the V. V. & E. is proceeding as rapidly as men and money can do it. On the west slope of the Hope mountains Mr. Tracy is making good progress in spite of bad weather. Mr. Ambourn's party on the east side of the Hope summit is pushing on to the end of the link connecting the route up the Tula-meen. Mr. Delaney is making a survey up the Similkameen between Hedley and Princeton, the change necessitating one or two bridges on the Similkameen. Survey of the Wolf Creek route, it is said, will be completed now.

When the surveys now in hand are finished before winter sets in, the road will have been captured every practicable route to the Coast west of Princeton. The lines up the Tula-meen, Similkameen and Wolf Creek and the purchase of certain strategic tracts of land give him the key to baulk the progress of an opposing railway company should it aim to parallel the V. V. & E. Some "sweet" day he may use these several key lines and positions to retaliate for obstructive methods adopted at Midway and elsewhere.

Chagrined at the inroads of President Hill into Vancouver, the C. P. R. has levied a discriminatory freight rate against the city, thus the one tearing down while the other builds up. Poor Vancouver!

The Midway & Vernon has been contracted for by a New York firm who will build it by the end of next year. Engineer Bassett is surveying a trial line between Kelowna and Pentteton.

Amherst shoes are solid leather.

START WORK ON EMPRESS GROUP

A Force of Miners Will Be Put to Work in a Few Weeks.

Work on the development of the Empress group of copper-gold claims, which lie on the eastern extension of the Britannia group, Howe Sound, is to be commenced immediately and will be prosecuted throughout the winter months, says the Vancouver Province. The claims which constitute this property, five in number, are expected to prove dividend payers before long.

People who are conversant with the magic way in which mining affairs in Britannia Valley are moving these days expect that before long the Empress group will be shipping concentrating ore to the Britannia Creek concentrator at the mouth of Britannia Creek, despite the fact that the Empress claims are located just over the divide from Britannia Creek and in South Valley. How the topographical difficulties of this divide are to be overcome is a matter which engineers are now engaged in figuring upon. Some attention has been given to the possibility of driving a tunnel from the Fairview claim on the Britannia lead right through the Queen claim on the Empress. Another idea is that the ore might be taken out more cheaply by a tram line over the divide.

A number of houses for the accommodation of mining men are now being built on the piece of level ground on the Empress holdings, and within a few weeks a force of miners will be put to work to do development work. It is stated that next spring this force will be largely increased. Mr. C. W. McMeekin, an engineer connected with the Britannia Copper Syndicate, will leave for Prince of Wales Island tonight to look over the Mount Andrew inordinate properties recently taken under a long time option by Mr. George H. Robinson, managing director of Britannia, with a view of making plans for getting the ores from the properties down to salt water for shipment to the Britannia smelter at Crofton. Mr. McMeekin will leave for the north by the steamer Anaur.

A RELIABLE REMEDY FOR CROUP

With the dry, cold weather of the early winter months, parents of croupy children should be on the alert for ominous symptoms. There is no cause for anxiety when "Chamberlain's Cough Remedy" is kept in the home. If this medicine is given as soon as the child becomes hoarse or even after the croupy cough has appeared, the attack may be ward off. As Dr. H. B. Thayer, Michigan, says: "We have used Chamberlain's Cough Remedy for ourselves and children for several years, and like it very much. I think it is the only remedy for croup and can highly recommend it." For sale by all druggists.

The New Blast Furnaces
"It was decided last winter to add two blast furnaces to the existing ones, thus increasing the smelting plant at Grand Forks to eight blast furnaces, and it was hoped that they would be in commission by midsummer of the present year. A number of unforeseen difficulties, however, caused considerable delay, consequently no benefit was derived during the last fiscal year from the operation of the two additional furnaces.

"These extensions and improvements necessitated a large outlay of money. It was found necessary to widen the tunnels, equip the same with an electric locomotive haulage system and provide new steel ore cars. Before a new crushing plant had to be erected and new ore bins installed, in order to facilitate the shipment of ore over the Great Northern railway. At the same time, in addition to the new furnaces, a new blowing engine and accessory machinery, as well as new ore bins, had to be erected. The method of handling a slag from the blast furnaces was changed, and also the method of charging the furnaces, both of which are now in operation and have materially lessened costs. These improvements entailed an outlay of about \$500,000. In the past year an additional sum will be required during the current fiscal year.

"The mines, at which development work is constantly pushed, look well; the quantity of ore blocked out is largely in excess of that in sight last year. The smelting works, thanks to the improvements recently introduced, are in a high state of efficiency. The company is entirely free of debt, and in addition to a large cash reserve, has a considerable amount of assets in the shape of blister copper in transit from the smelter to the refining works."

A HOME MADE HAPPY BY CHAMBERLAIN'S COUGH REMEDY.

About two months ago our baby girl had measles which settled on her lungs and at last resulted in a severe attack of bronchitis. We had two doctors but no relief was obtained. Everybody thought she would die. I went to eight different stores to find a certain remedy which had been recommended to me, and failed to get it, when one of the storekeepers insisted that I try Chamberlain's Cough Remedy. I did so, and our baby is alive and well today. Geo. W. Spence, Hony Springs, N. C. There is no better preparation on the market than this remedy for a cough as well as colds, croup and whooping cough. It is especially valuable for children as it contains nothing injurious and is pleasant to take. For sale by all druggists.

Years Operations Granby Smelter

Summary Issued by the Treasurer and the Auditor's Official Report.

An Interesting Address by the President to the Shareholders.

Year's Operations

Treasurer G. W. Wooster, of the Granby Consolidated, gives the following summary of the year's business of the company, ending June 30, 1905, at the annual meeting of the shareholders held in New York a few days ago:

Produced 14,237,622 lbs. copper fine, sold at an average price of 14.30 cents; 212,150 ozs. silver fine, sold at an average price of 58.30 cents; 42,881 ozs. gold fine, sold at \$20. These prices are net after all expenses have been deducted. The total realized equals \$2,749,145.02.

Costs

Working expenses at mines and smelter, freight, refining, selling, general expenses... \$1,797,564.35
Foreign ores purchased... 238,531.41
\$2,036,095.76

Net profit for year ending June 30, 1905... \$712,649.26

Surplus from previous year (corrected)... \$12,226.01

Net surplus June 30, 1905... \$1,554,875.27

Expended in new construction, equipment at mines, smelter and converter plants, etc... \$443,974.28

For additional mining properties... 142,603.33

\$486,577.61

All development, renewals and repairs have been charged to working expenses. Mine development, 2,200 lineal feet; tunnel drill development, 3,148 lineal feet; Granby ore smelted, 550,728 dry tons; foreign ore smelted, 39,382 dry tons.

Assets

Cost of land, real estate, machinery, buildings, dwellings and equipment... \$14,481,565.39
Stocks, bonds and bills receivable... 45,545.17
Cash, copper in transit and on hand, less advances... 584,113.35
Fuel and store supplies... 158,346.82

Liabilities

Capital stock... \$15,000,000.00
In the treasury... 1,500,000.00
Issued stock... \$13,500,000.00
Accounts payable, current for month... 184,490.27
Dividends collected on liquidator shares... 205.20
Surplus... 1,554,875.27
\$15,239,570.74

The auditors' report stated that the annual audit of the books of the Granby Consolidated was made on August 5, 1905, and found to be correct. The securities held and ledger balances were found to be as stated, as well as the cash and bank, and the disbursements were found to be properly vouched for, the books having been well kept and office work generally up to date, reflecting credit on the part of the management.

G. Stevens and William Spier, auditors.

President's Remarks

President J. Langlois, in his address to the shareholders, said in part:

"Although a large tonnage of ore was treated, the production of copper during the year shows a slight falling off, due entirely to the fact that no outside matte was purchased for treatment. Nevertheless, the profit is considerable. The year was a very successful one, owing partly to great economies introduced during the year, and partly to better average price for metals. It is especially interesting to note that by far the greater portion of the profits were earned during the last few months of the fiscal year.

"In March last the new line of the Great Northern Railroad Company, connecting the smelter at Grand Forks with the mine at Phoenix, was completed. Since that time ore shipments have been received by both the Canadian Pacific and Great Northern railroad companies.

"In Phoenix camp the company has, during the year, materially increased its holdings by acquiring there, by purchase, the Monarch group, the Marshall group, and the Missing Link; and after the 1st of July the Gold Drop claims, all adjoining the mine properties of the company in Phoenix camp. These acquisitions will facilitate the working of the mines owned by the company in the past, and with the ore reserve on the property, will satisfy the early long demand of the smelter for raw material for a long time to come.

"The New Blast Furnaces
"It was decided last winter to add two blast furnaces to the existing ones, thus increasing the smelting plant at Grand Forks to eight blast furnaces, and it was hoped that they would be in commission by midsummer of the present year. A number of unforeseen difficulties, however, caused considerable delay, consequently no benefit was derived during the last fiscal year from the operation of the two additional furnaces.

"These extensions and improvements necessitated a large outlay of money. It was found necessary to widen the tunnels, equip the same with an electric locomotive haulage system and provide new steel ore cars. Before a new crushing plant had to be erected and new ore bins installed, in order to facilitate the shipment of ore over the Great Northern railway. At the same time, in addition to the new furnaces, a new blowing engine and accessory machinery, as well as new ore bins, had to be erected. The method of handling a slag from the blast furnaces was changed, and also the method of charging the furnaces, both of which are now in operation and have materially lessened costs. These improvements entailed an outlay of about \$500,000. In the past year an additional sum will be required during the current fiscal year.

FIRST SHOT IN THE MUNICIPAL CAMPAIGN

A Well Attended Meeting of the Spring Ridge Municipal Association.

A very well attended meeting of the Spring Ridge Municipal Association was held in the Oddfellows' hall, Fernwood road, last evening. The chair was occupied by Wm. Marchant and A. R. Sherk acted as secretary.

The first business before the meeting was the nomination of officers. For president there were nominated A. B. McNeill, A. J. Pineo, J. G. Brown and Mr. Andrews. The same were also nominated for vice-president. A. B. Sherk was the only nominee for secretary treasurer.

Before proceeding with the business it was decided to meet again in two weeks' time, when the election of officers will take place.

The chairman then called on Ald. Fullerton to give a synopsis of the work of the city council, and interrupt him to ask why the council had engaged two outside lawyers to defend them in the waterworks litigation.

Ald. Fullerton replied that the city lawyers had been called in to give advice before the case came into court, and it was thought advisable to engage them as counsel.

A. Bligh then questioned Ald. Fullerton on the engagement of Messrs. Rodwell & Davis and was told that they were only engaged to take the case to the first court.

Mr. Bligh stated that he did not think the case would last very long, but would come to a very sudden close. He concluded his remarks by stating that nothing in regard to the waterworks of the city could be obtained from the press, as they could not obtain it from the council.

Ed. Bragg was the next speaker, and he thought it was a great mistake to take the waterworks case to court. He also wished to see the aldermen elected in the same manner as the school trustees. For business he thought the present mayor and aldermen were far behind those of former years, but as citizens they were as good as any others.

Wm. Marchant wondered how it was that Ald. Fullerton had found out about the gambling in the last few weeks, when it has been known of for the last few years. He also thought the aldermen should be elected by votes from all over the city. By this he meant that a resident of South Ward should have the right of voting for an alderman in the North Ward.

Ex-Ald. Beckwith—You are in favor of the one man, one vote system?

Mr. Marchant—Yes, one man, one vote and the same power.

He thought it would be wise if the members of the association would vote for those who would stand pledged to assist them in their wants if elected, and members of the council should be asked to resign if they did not fulfill their promises.

A delegation from the Work estate, composed of Messrs. Grant and Sprague, were present and stated that they intended to form an association similar to that of Spring Ridge in the northern section of the city.

The meeting then adjourned.

NEW YORK STOCKS.
New York, Nov. 1.—The hasty demand from the bears caught short of the market during the closing hours of Tuesday having been satisfied during the day was no longer in evidence in today's market by its sustaining influence. Besides that the tone of some of the news from Russia over night revived a feeling of apprehension. The influence from this source was almost entirely sentiment, as there was actual selling of stocks for foreign accounts. The news of today's events as it came to hand also served to quiet apprehension regarding the situation in Russia. The decrease in the volume of activity also pointed to the satisfaction of the market. There were not lacking points of strength in the market, and a group of speculative industrialists and specialists were rushed up, some of them to record figures in the market.

Smelting and Refining and Reading both touched record figures, although the last named stock was rather lightly underdogged. A process of profit taking, so that the extreme rise was limited. The U. S. Steel stocks were clearly affected by profit-taking on the figures of earnings for September. The most conspicuous new point of strength was in the case of Missouri, Kansas & Texas stocks, which have been much neglected since the annual report of the President, depreciated hopes of a dividend payment on the preferred stock. The stock exchange was slightly relaxed. The discount of New York exchange at Chicago was widened. The appearance of advanced rates in the case of New York iron and steel industries, and the market closed irregular.

Bonds were irregular; total sales, par value, \$1,850,000. United States bonds were unchanged on call.

For Anaemia You Must Have Iron

AND ANYONE CAN USE IRON, AS IT IS COMBINED WITH OTHER INGREDIENTS IN

Dr. Chase's Nerve Food

Anaemia or bloodlessness is indicated by paleness of the lips, the gums and the eyelids, and is most frequently found in girls and young women. Other symptoms are deficient appetite, impaired digestion, irritable temper, shortness of breath, dizziness, fainting, headache, easily fatigued, depression and despondency.

The blood is lacking in the life sustaining power which is necessary to the proper working of the bodily organism, and can only be restored by the use of iron, as any qualified physician will tell you.

But iron alone cannot be taken into a weakened stomach. In Dr. Chase's Nerve Food iron is combined with certain nerve restoratives in such a way as to be easily assimilated into the blood, and thus afford immediate and lasting benefit to the system.

And more than this, Dr. Chase's Nerve Food, through its action on the nerves, sharpens the appetite and aids digestion, so that help is also afforded in deriving the full nourishment from the food taken into the body.

On account of these two ways in which Dr. Chase's Nerve Food enriches the blood and builds up the system, it is beyond doubt the most effective treatment for anaemia and similar wasting diseases that was ever compounded. Note your increase in weight while using it.

Dr. Chase's Nerve Food, 50 cents a box, six boxes for \$2.50, at all dealers, or Edmondson, Bates & Co., Toronto. The portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

SELF CURE NO FICTION! MARVEL UPON MARVEL! NO SUFFERER NEED NOW DESPAIR.

But without running doctors bill falling into the deep ditch of quackery, may safely, speedily and economically cure himself without the knowledge of a second party. By the introduction of

THE RAPID THERAPION

a complete revolution has been wrought in this department of medical science while the body has been restored to health and happiness who for years previously had been merely dragging out a miserable existence.

THERAPION NO. 1—A Sovereign Remedy for discharges from the urinary organs, suppurating infections, the use of which does irreparable harm by laying the foundation of stricture and other serious diseases.

THERAPION NO. 2—A Sovereign Remedy for primary and secondary gonorrhea, urethritis, proctitis and swellings of the joints, all those complaints which mercury and arsenic are popularly but erroneously supposed to cure. This preparation purifies the whole system through the blood and thoroughly eliminates all poisonous matter from the body.

THERAPION NO. 3—A Sovereign Remedy for

A New Chafing Dish Dainty
Delicious and Wholesome

English Monkey. It is easy to
make with

ARMOUR'S Extract of Beef

and a little dried bread, fresh cheese and seasoning. Full directions will be found in our "CULINARY WRINKLES" which also contains recipes for 15 chafing dish dainties, 50 soups, and 20 for invalid cookery, broths, etc., etc. Sent post paid on receipt of name and address and a 2c. stamp for mailing.

Armour's Extract of Beef

gives the prime flavor of roast beef—rich, strengthening and invigorating. A quarter teaspoonful will make a cup of appetizing bouillon or beef tea.

Sold by all druggists and grocers in 1, 2, 4, 8 and 16 oz. jars.

ARMOUR LIMITED, - - - TORONTO.

Armour's Tomato and Beef Catsup.

It is just a little better than other brands. An appetizing relish for steaks, chops, roasts, pork and beans, and fish of all kinds.

SOLD BY ALL GROCERS.

DESTROY THE CAUSE.

You Cannot Cure Dandruff Without Destroying the Cause of It.

Many people wash their scalps Saturday night or Sunday morning, and try to keep the dandruff down for the week, but on Monday morning the scalp has begun to itch, and Tuesday morning will find a good supply of dandruff when the hair is brushed. There is but one real scientific way of curing dandruff; and that is to kill the germ that causes it, and falling hair, and finally baldness. There is only one preparation that will do this, and that is Newb's Hair Restorer. It is an entirely new discovery and the only hair preparation that is based on the new scientific principle. In addition Newb's is a very refreshing hair dressing for men. Sold by leading druggists. Send 10c. in stamps for sample to The Hair Restorer Co., Detroit, Mich. C. H. Bowes & Co., 9 Government street, Special Agents.

After Orient Trade.—The following interesting paragraph appears in the Winnipeg Free Press of Saturday: "To promote the trade in Alberta flour with the Orient and to arrange for handling the largest product of the 'Calgary Milling Company,' I. K. Kerr, of the firm, left for Hongkong Wednesday, accompanied by Mrs. Kerr. They will sail from Victoria the first of the week. The trip will occupy about three months, and while absent Mr. Kerr expects to establish connections for handling the company's flour, which is anticipated will be very suitable for the market there."

CANCELLATION OF RESERVE.
Coast District.
NOTICE is hereby given that the reservation, notice of which was published in the B. C. Gazette, and dated 9th August, 1905, extending a belt of land extending back a distance of ten miles on each side of the Skeena River between Kilsall Canyon and Hazelton, is cancelled.

Notice is also given that the portion of the reservation, notice of which was published in the B. C. Gazette and dated 27th December, 1899, covering a belt of land extending back a distance of ten miles on each side of the Skeena River and Kilsall Canyon, is reserved in so far as it covers land lying between Kilsall Canyon and a point in the Kilmat Valley, distant ten miles in a northerly direction from the mouth of Kilmat River, and that Crown lands thereon will be open to sale, pre-emption and other disposal under the provisions of the Land Act, on and after the eighth (8th) day of December next. Provided that the right of way of any railroad shall not be included in any lands so acquired. W. S. GORE, Deputy Commissioner of Lands and Works Department. Victoria, B. C. 31st August, 1905. a3

A BARGAIN IN BUSINESS PROPERTY

This property is nearly level, with about 350 feet frontage, and is for sale at a very low figure. It is situated within a little over 200 yards of the new C. P. R. hotel, has a main street running on both sides of the property, is fairly high and dry, and is admirably adapted for cutting up and building a number of good residences on.

THE STAGE.

The Biograph

Mr. Guy Bradford, manager of the London Biograph Company, which is to commence an engagement at the Victoria theatre tomorrow night, is somewhat of a success as a playmaker. The following story tells of his honors in the Rooseveltian role. "A duel, which was to have taken place at La Grande Roue, Paris, has had a curious ending. The two antagonists, with their seconds, appeared and began to strip for the fray, when a stranger, bearing a narrow oblong box, which he proceeded to unpack, came upon the scene. He then erected a tripod, upon which he fixed a cinematograph, and awaited the development of events. The duellists, however, were so indignant that they forgot the cause of their quarrel, embraced each other, reconciled themselves and left the field of battle arm in arm, while the disappointed

ed cinematograph man sadly repacked his apparatus and departed."

Amateur Dramatics

The Victoria West Amateur Dramatic Society held a full dress rehearsal last evening for the farce-comedy, "The King of the Philippines," and all proved well up in their respective parts. This play will be produced on Thursday and Friday of this week, in Semple's hall, Victoria west, and should not fail to draw a crowded house. The scenery, which has just been painted, will be sure to please, the colors being pale green and gold, and will be one of the prettiest settings ever witnessed by a Victoria West audience. After the performance on Friday evening there will be a dance, for which music will be furnished by Mrs. Davis.

Lever's Y-Z (Wise Head) Disinfectant Soap Powder is a boon to any home. It disinfects and cleans at the same time.

Both Masters Were Blamed

Finding of Capt. Gaudin Regarding Collision on Skeena River.

Princess May Returns From the North With Many Passengers—Venture Down.

Both masters were blamed by Capt. James Gaudin, agent of marine, in his finding upon the evidence tendered in the enquiry into the circumstances of the collision between the sternwheelers Hazelton and Mount Royal on the Skeena River in 1904. The enquiry had been adjourned to allow of witnesses coming from Port Essington and Seattle, but those witnesses did not come, and yesterday afternoon Capt. Gaudin announced that, having failed to obtain other evidence, he had come to the conclusion that he was able to give a finding in the case upon the evidence submitted. His finding was as follows:

"After hearing the evidence of Capt. J. Bonser and Mate Jonas Bergman of the steamer Hazelton, also that of Capt. S. B. Johnson, Engineer Hickey and Purser Lockerby of the steamer Mount Royal, regarding the collisions between those vessels in the Skeena River on May 4, 1904, I am of opinion: "First, that the Mount Royal, being the overtaking vessel, was in default for the non-observance of Articles 19 and 24 of the regulations for preventing collisions at sea—the former, that the steamer which has the other on her starboard side shall keep out of the way of the other; the latter, notwithstanding anything contained in these rules, every vessel overtaking any other shall keep out of the way of the approaching vessel. This was the cause of the first impact.

"Second, the Hazelton, after getting under way, unnecessarily crowded the Mount Royal toward the northern bank of the river, for which there was no apparent reason. When the vessels were clear of each other after the first impact, the Hazelton was in default under Article 19 by not keeping clear of the other vessel when she had her on her own starboard side. This was the cause of the second collision.

"Third, taking into consideration the dangerous part of the river through which the vessels were being navigated in the interval between the first and second impacts, both masters are blamable for closing in their steamers together within a distance of 40 feet, thereby jeopardizing the safety of their vessels.

"Fourth, Capt. Johnson of the Mount Royal committed a grave dereliction of duty by leaving the helm of his vessel unattended whilst both vessels were in actual contact with each other."

It is stated that Capt. Johnson of the Mount Royal will appeal from the finding of the commissioner, which has been forwarded to Ottawa. He was represented at the enquiry by H. Dallas Helmick, K. C.

WHISKEY FOR ALL.

Firewater Jettisoned from Steamer Valencia—Disturbances by Indians.

The steamer Valencia, which has returned to Seattle from Cape Nome and St. Michael, reports that she ran aground shortly after leaving St. Michael, but no serious damage was sustained. However, it was deemed advisable to jettison nearly 100 tons of cargo, which included fresh meats and whiskey.

The barrels of liquor drifted ashore and a large number were secured by the natives. The big casks were opened on the beach and the natives drank and raised such a disturbance that the soldiers were called out. It was not long before the brass button men were also imbuing freely of the jettisoned whiskey and reports received by the Valencia today are to the effect that the majority of the population of St. Michael went on a spree.

PRINCESS MAY

Returned Yesterday from Lynn Canal With Many Passengers.

Steamer Princess May returned from Skagway yesterday morning, bringing a number of well known Northerners among her passengers. Among those who arrived by the steamer were Major Snider of the N. W. M. P.; J. H. Conrad, the well known mining man from Conrad city, in the Windy Arctid district; B. McLenon, recorder in the Klunah district; H. A. Munn of this city; Captain Williams, who owns a fox farm on Condon Island, and W. Fleet Robertson, prospector, and anologist. Mr. Conrad is en route to Seattle, where he will remain until November 20, when he will leave for New York in connection with his mining interests. W. L. Breese and B. McLenon, of the Klunah Hydraulic Company, among the latest arrivals from Klunah, reported they would send in 350 tons of supplies, machinery, etc., at once and keep twenty men at work all winter.

For some weeks before being forced by the weather to close down for the winter, shipping was carried on with very satisfactory results, and the season was resumed as early in the spring as the weather will permit.

Just before the Princess May sailed, Charles Big, a Hunker creek miner, attempted to smuggle \$400 worth of gold dust out of the country to avoid payment of the usual 2 1/2 per cent. royalty. He showed Sergeant Oliver one small nugget, claiming it was all the gold he had. A search of his person by the sergeant revealed two pokes containing altogether \$200 each. The gold was confiscated. The royalty would have amounted to \$10.

The exact figures of the comptroller shows the Yukon's gold output for the season just closed to be \$7,558,001.80. This is reckoning gold at \$16 per ounce.

NAVIGATION ENDS.

River Steamer Gleaner From Atlin Makes Last Trip of Season.

With the departure of the steamer Gleaner from Atlin for Caribou yesterday navigation in the north ended for this season. A despatch received from Skagway reports the successful arrival of the Gleaner, which will now be hauled out for the season. The season of navigation on the Yukon came to an end on October 23.

44 GASKIN STREET

when the last vessel was hauled out for the winter. According to statements by officials of the steamer Princess May yesterday, the company. It has been the first season which closed with all the freight taken from White Horse. Not a pound remained after the last steamer sailed for Dawson.

MARINE NOTES.

According to advices received from Whitehorse by the steamer Princess May yesterday, the steamer Prospector made the last trip from Dawson to Whitehorse, at which port she arrived on October 24 with 35 passengers.

Heavy gales between Unimak Pass and Cross Sound were reported in yesterday's cables from Alaska ports. Steamer Venture arrived yesterday from northern British Columbia ports with a cargo of salmon, of which 4,000 cases were landed at the ocean dock for shipment to England by the steamer Tydens, expected here on November 6. Steamer Tees sailed last night for northern ports. The Queen City sailed for Alaska and way ports on the Vancouver Island coast.

Advices from Honolulu state that the tug Fearless, belonging to the Spreckels Tugboat Company, has filed a salvage claim of \$20,000 against the French ship Ernest Rayer, which was recently pulled off the reef near Diamond Head, at the entrance to this harbor. The Interisland Steamship Company claims the same amount, and the steamer Lechu will also have a salvage claim.

MAIL CHANGES.

Alterations in Service Noted in Past Office Guide for November.

A number of changes in the mail service are noted in the P. O. Guide for November which has just been issued. Mails will hereafter be despatched as follows:

For Vancouver, Eastern provinces, England, etc.—Closes daily at midnight; arrives at 6 p. m. daily.
For United States—Closes daily at 8:30 p. m.; arrives daily at 4 p. m. (Sunday included).

For Metochina, Rocky Point, Milne's Landing, East Sooke—Closes at 7 a. m. instead of 7:30 a. m., and 1 p. m. instead of 1:30 p. m.
Landing, East Sooke—Closes at 7:00 a. m. from the Sound has been omitted for some reason or other, but steps are being taken to have the mail sent inland each day as well as outward. Some complaint is made by merchants that the postal authorities do not place a mail clerk on board the steamer Princess Beaton on the Victoria-Seattle route, so that the incoming mail would be distributed within a short time of the arrival of the steamer, as is the case with the Vancouver mails by the steamer Princess Victoria, which carries a mail clerk. Complaint is still made regarding the lack of postal facilities on the Victoria-Skagway route, along which line the residents get their mail promptly only by courtesy of the train crews of the line.

LA GRIPPE THRICE CURED.

"I have had the grip three different times," says Mrs. Thos. Cleland, of Alliance, Ohio, "and was left with a bad cough. Every time I was cured by the use of Chamberlain's Cough Remedy and I can not speak too highly of this valuable medicine." For sale by all druggists.

W. C. T. U. Meeting.—A special meeting of the W. C. T. U. will be held today (Thursday) at 3 o'clock. A full attendance is requested, as business of importance is to be dealt with.

Outbreak of Glanders.—The Armstrong Advance states that for the past season there has been great loss of horses near the coast, and this disease has now gained a foothold in parts of the Okanagan. Dr. S. F. Toihine, provincial veterinary inspector, last week caused the killing of about twenty horses on Okanagan lake, while other cases have been detected and many horses placed under quarantine.

Weak Men Can Be Strong Again

To realize the joyous sparkle of nerve life as it infuses the body with its glowing vitality; to feel the magnetic enthusiasm of youthful energy; to be happy, light-hearted, and full of joyous impulses; to be free from spells of despondency, from brain wandering, from the dull, listless feeling; to have confidence, self-esteem and the admiration of men and women! Such is the wish of the broken-down man, and it may be gratified.

Dr. McLaughlin's Electric Belt

makes men noble; it causes the nerves to tingle with the joyous exhilaration of youth; it fills the heart with a feeling of gladness, makes everything look right, and makes the nerves like bars of steel. It cures, to stay cured, Nervous Debility, Weakness of any kind, whether in nerves, stomach, heart, liver or kidneys, Rheumatism, Pains in Back and Shoulders, Sciatica, Lumbago, Indigestion, Neuralgia, Constipation, Dyspepsia and all troubles where new life can restore health. It does all this while you sleep by pouring electricity, which is Nature's energy, into your nerves and blood. Electricity is life to the vital parts, when they are weak it will make them strong.

Words of Gratitude From My Patients

FEELS STRONGER IN EVERY WAY

Dr. McLaughlin:

Dear Sir—I am glad to be able to tell you that the Belt is doing great service. I have no losses since I began to wear it, about six weeks ago. I feel stronger in every way. Yours respectfully, Christopher Williams, Cranbrook, B. C.

What all you? Write and tell me, and no matter where you are I think I can give you the address of someone in your town that I have cured. I've cured thousands, and every man of them is a walking advertisement for my Belt.

READ MY BOOK—I have a book which every man should read (one for women also). It tells facts that are of interest to every man who wants to remain young in vitality at any age. Send for this book today if you can't call. I mail it sealed free. If you want I will give you a free test.

CALL TODAY

For Free Test of My Belt, Free Consultation and Free Book. If you can't call, cut out and send this Coupon for Free Book.

SLEEPS WELL AND REFRESHED IN THE MORNING

Dr. M. A. McLaughlin:

Dear Sir—I received your Belt O.K., and have used it for two weeks, and it is doing all that can be expected in so short a time. My sleep seems to do me more good, and I feel refreshed when getting up in the morning. Thanking you for the interest you have taken in me, I am, yours truly, E. J. Hunt, Columbia Hotel, Vancouver, B. C.

DR. M. C. McLAUGHLIN, 103 2nd Ave. So., over Guy's Drug Store, Seattle, Wash.

Dear Sir: Please forward me one of your books as advertised.
